Spank Me by Bret Unplugged

I met this girl the other day in a bar She asked if she could get a ride in my car
We drove around and we went to her place It wasn't long before we got to third base.

She led me up to her bedroom upstairs She ripped her cloths off like she had no cares
She grabbed a paddle from under the bed She gave it to me and then she said

Chorus----------
Spank me (clap)
Make my ass cheek red (clap clap)
I've been a bad girl, that's what she said
And spank me (clap clap clap)
before we jump in bed

I grabbed the paddle, bent her over my knee She said "come on daddy, give it to me"
I raised the padded up high in the air Took a swat on those ass cheeks so bare

She yelled "oh god" and she begged for m I cracked her real hard and she let out a roar
After that I figure we might be done She said "Whoo I'm just starting to have fun"

Chorus

At this point I really got into it I started having myself a spanking fit
She turned to me and said, now lets screw I said, hell no, I'm not done with you

As hard as I could, I gave her a chop with tears in her eyes, she begged me to stop,
Her thighs Gyrated and started to spasm That led into one big orgasm

Chorus

With cat like reflexes she threw me around I was hogged tied, laying naked on the ground
She grabbed the paddle said "now it's my turn" she cracked me so hard I felt the burn

I said "hey I'm really not into this". She paddled me again and then gave me a kiss
She said "Mommy's going to have to teach you" She kept spanking till I' s black and blue

Sge Spanked me (clap)
She made my ass cheek red (clap clap)
I've been a bad boy, that's what she said
she spanked me (clap clap clap)
We never got to bed
