

Trailmix For Christmas © Bretty Beaver / Bret Unplugged

(sing and play slow) add slowed or reg jingle bells??

It's Christmas time again in the northwoods G C G
time for furry friends to hibernate C D G
we collect food from parks and from the woods C D G Em
before the autumn season gets too late C D G

We come out of our dams, dens and holes
to get berries and nuts from the trees
Bake them over a fire till they turn golden brown
Then we mix in sugar and jelly beans

Chorus=====

We're making Northwoods trail mix for Christmas C D G
this time of year, it's our favorite treat C D G
My berries are roasting and my nuts are toasting C D G Em
over the open fire, that's good to eat C D G

Hey everyone, look at my berries G C G
They're big and ripe and I bet they taste good C D G
Don't squeeze to hard, or you might bruise them C D G Em
So suck on them soft the way you should C D G

Would you believe the size of my nuts G C G
That's a good sized wood that they came from C D G
Break open that shell, but don't you smash them C D G Em
or you'll wind up with acorn crumb C D G

Merry Crisp Nuts, ha haha
