

# Coconut Milk and Cookies For Christmas

(sing and play slow) add slowed or reg jingle bells??

It's Christmas time again on the island G C G  
Tinsel and garland covers all the huts C D G  
palm trees all covered with colorful blinking lights C D G Em  
it's almost time to harvest coconuts C D G

We roll out the dough to make Christmas cookies  
Cut out Surf boards, sailboats, and palm trees  
Bake them up real quick till they turn golden brown  
Then decorate with sugar and jelly beans

Chorus=====

Coconut milk and cookies for Christmas C D G  
on the island that's our favorite holiday treat C D G  
So gather up some coconuts and get yourself a baking C D G Em  
Cause Santa's going to want something good to eat C D G  
=====

We climb the island trees in search of coconuts  
Then take down only the best of the bunch  
We crack them open and drain out the milk  
and bring along a few cookies to munch

Night time rolls around, now it's time to party  
We gather up drift wood out on the beach  
start a bonfire and have my friends all around  
making sure my drink's not far from my reach

Chorus

Slice up the coconut and break out sticks  
Roast them up to a nice a golden brown  
Pull em off, add chocolate and marshmellow  
Blow on a few times and scarf em' down

Without snow we have to make beach sandmen  
we pile up the sand and then we sculpt away  
Sea shells for eyes and buttons and a drift wood pipe  
Unfrosty the Sandman lives today

Chorus

repeat last 2 of chorus

optional: Merry Christmas, ha haha
