If you're scared at night...	hold my penis	A D
If it's cold and dark...	hold my penis	A D
If you wake from a dream...	hold my penis	A D
When you see the morning light...	hold my penis	E A

My penis is a good friend of mine
It's like a teddy bear in your fist
Hold him close and you'll be fine
I think he want's a little kiss

During the football game	Hold my penis
When I'm eating chicken wings	Hold my penis
In the back of Church	Hold my penis
At your grandma's funeral	Hold my penis

My penis would like to shake your hand
So take a good firm grip of it
It's normal for it to expand
If you shake it too much, it might spit

In " <u>Name Of Bar</u> " Bar	Hold my penis
Under the table at thanksgiving	Hold my penis
While I'm playing my guitar	Hold my penis
At the end of this song	Hold my penis

My penis needs a warm place to stay
and he is most definately NOT gay
he'd really like to go for a tunnel ride
and take a peek at your back side!

How many times did
I say Penis in that
song?
