

Santa is a Fat Man – Bret Unplugged @ 2013

Chorus-----

Santa's a fat man who gives out presents	(CFC)
He hangs out in the cold with a bunch of short dudes	(CFG)
You better be good this time of season	(FGC) F
Or you'll wind up with coal in your shoes	(FGC)

Santa rounds up all his reindeer
puts all the presents in the sleigh
A twinkle in his eye, and twitch of his nose
one snap of the reins and off he goes

Jack frost is a good friend of Santa	
He sure does love his cookies and egg nog	
Jack, well he's always full of cold air	Jack Frost
And when he passes gas, it turns to fog	

Chorus

Frosty the snowman hangs with the elves	
They use that corn cobb pipe every day	
Frosty would sure like to join in,	Frosty
but if he did, then his lips would melt away	

Rudolph is a reindeer with a red nose	Rudolph
And the other reindeer never let him play	
Then the fog came out, and his nose lit up	
Now he's the one that leads Santa's sleigh	

chorus

We put out christmas cookies and a glass of milk
the cookies sat on table most of the night
That fat man showed up and wanted to eat them all
until a few of the reindeer put up a fight

Santa got a text message from the misses
she wondered why he wasn't home just yet
he said "dear, one day a year I work thru the night"
And I still gotta drink a beer with Bret
