Brother on the tractor plowing the fields that morn  
When he heard his mama scream, he jumped into the corn  
The rig was still moving and it was still in gear  
    He tripped and fell to the ground  
    but he could not make a sound  
be-fore... the wheel of the tractor ran him down

Papa shed a tear and put the last stone on their graves  
They both looked down, and papa had nothing to say  
Mama knelt down as the tears rolled off her face  
    She shook her fist in the air  
    All you could see was despair  
She screamed "Why Lord, did you take both my babes"

-----How Powderfinger ends-----

Shelter me from powder on my finger  
Cover me with the thought that pulled the trigger  
Think of me as one you'd never figured  
    Would fade away so young  
    With so much left undone  
Remember me to my love, I know I'll miss her.
