Will work for beer GC
That's why I drink here CG
Any kind will do D
with a cold frosty mug too C
Will work for beer G

The shift whistle-s blow
get in my truck and go
drive to the bar.....I'm beer starved
ain't got no dough

Ask the bartender nice
will pocket change suffice
he looks at me..... says the beer ain't for free
it's got a price

Chorus

On stage across the bar
Pick up a guitar
I do a quick set.....to win a bet
to fill my jar

Some tap their feet
to the country beat
Some dance along..... to my song
Boots stompin concrete

Chorus

Tip cup's half full
Time to shoot the bull
Get off the stage.....with tonights wage
It's my best pull

Order up a beer
And a shot for cheer
Pack up my gear....tomorrow I'll be here
Cause I work for beer
