Well I can't help but be scared of it all sometimes

(don't play)

And the rain's gonna wash away I believe in this

Well she's got a little bit of something, god it's better than nothing
In a color portrait world where she believes that she's got it all hung
She swears the moon don't hang quite as high as it used to
She only sleeps when it's raining
And she screams, and her voice is straining

Chorus

Slow Solo and finger picking

She believes that life isn't made up of all that it used to
And the clock on the wall has been stuck at 3 for days and days
She thinks that happiness is a mat that sits on her doorway
But outside, it stops raining

Chorus

Sing high

Yeah, well it's 3 am I must be lonely (I must be lonely)

She says baby, well I can't help but scared of it all sometimes...
