G C
Close your legs and think of Jesus

G
The virgin mary, she wouldn't do that

D
Your Catholic morals turned to oral

C G
When you blew that college frat

Zip it up and think of Jesus
Keep it in your pants young man
Women aren't here for your pleasure
If you must use your hand

-----Solo-----
Close your legs and think of Jesus
public nudity is a sin
you can cleanse your soul with your clothes on
there's no trophy for skin to win

Zip your pants and think of Jesus
premarital sex is a shameful thing
a cold shower will keep you soul pure
no boomboom till she wears a ring

-----Solo-----
Close your legs and think of Jesus
Don't be known as the town whore
Those Marines were sure thankful
When you screwed the entire corp

Zip your pants and think of Jesus
Monogomy is the only way
Group sex is for sinners
Stay away from the skin buffet

-----Solo-----
Close your legs and think of Jesus
There's only one position for sex
If you don't do it missionary
You could end up with stiff necks

Zip your pants and think of Jesus
Cheating's wrong and it's not nice
Don't share your bed with a harlot
You could end up with crotch lice
