

Country Lullaby

Bret Paluch © 2008

AE DE CAPO 3 (sing low)

This is my country lullaby A E
now baby, baby don't you cry D E
it's time for you to go to bed
Things get quite on the homestead

mom and pop love you the most
the horses are tied up to the stable post
put...your... riding gear... away
there'll be time to ride on another day

Looking up at the sky at night
All filled with stars that twinkle bright
They look down onto you and smile
In your dreams they stay with awhile

A E
D E

Go find your PJ's... sleepy head
brush your teeth, it's time for bed
say your prayers and a kiss goodnight
while I go plug in your night-light

Now it's off to sleep you go
under those covers oh just so
If you wake in the middle of the night
Grab your teddy and hold him tight

Hush now baby it's time to sleep A E
Off you go there counting sheep D E
This is my country lullaby
the stars twinkle in the midnight sky

Last chord set, then SHHHHHH
End with A
