

Does God Have A Penis

Does God have a penis
I'd really like to know
Where does he go to take a pee
Does he have a place to go

Is he big as a red wood tree
Is he long like a boa snake
Does he wear it to the left or right
How many taps does he take

Does he ever do the dirty deed
Does he ever need to masturbate
How many pounds can he lift with it
Is it the key to heavens gate.

Could he put out a forest fire
How many words can he write in snow
Do you think he has a name for it
Like Caesar, Zeus, or Moe.

Do the angels say "oh my lord"
Does he tuck it in his sock
Does he often get morning wood
Is he hard like a rock

I think I know how the milky way was formed
Could you see it from outer space
Would he call it his holy staff
Is this what they mean by gods grace

Does God have a penis
It's still a mystery to me
Do you think I'm going to go to hell
For singing this little ditty.
