AAA G AAA G

I think you're crazy I don't know why

You're kinda clingy that's no lie

D AAA G x2

And I wonder are you about to snap

And I wonder how much I can take of your crap

Yesterday you acted insane

I'm not quite sure what is your game

And I wonder if you're a psychopath

And I wonder what kind of drugs in your stash

I never had a stalker before

But you keep knocking at my front door

And I wonder if it's restraining order time

And I wonder if police work overtime

You serve me food with a big ass smile

When I don't eat it you get hostile

And I wonder are you trying to poison me

And I wonder if shouldn't drank that tea

AAA G x5 fade out with snappy comments (it did kinda tasted funny)...i'm sleepy
