D G

I drink my milk from the tap

D

I eat my pie at the Y

A G D

I'm a simple man, that's no lie

I snap the bean every day

schuck the clam at night

Cherry pie with cream, what a delight

I like to butter the cob

You wanna nibble on a Ding Dong

No buns can seem to fit my foot long

Is the red snapper fresh

Or does it smell fishy

Chicken of the sea, that's not for me

Chorus

I enjoy the taco spread

A chicken breast and a thigh

Always squeeze the Melons, before you buy

I love a buttered biscuit

It's Finger licking good

I'd even toss the salad if I could

I like my donut holes filled

love your peaches and cream

Ice cream will make you all scream

chorus

I'd eat brownie if I could

Or eat a girl scout cookie box

drink a bloody mary on the rocks
