

Olives Lanai – Bob Kapla

parody Margaritaville

Cold beer and whiskey  
We're feeling a bit friskey  
They won't close till we go home

Carrie the tender,  
supporting our benders  
Sending us home with a buzz in our head

### **CHORUS**

Wasted again out behind Olives  
Just outside Carrie's the back door  
Some people say it's just en AI – E - Way  
But we know, it's so much more

it's time for.. some grub  
a pizza or.. a sub  
Glasses are empty out on the Lanai

Lets get some refills  
Out here there's no frills  
Smell of our pizza as it starts to broil

### **CHORUS**

Work area-----

Ice Cubes

My ice cubes are thirsty

8:55 on a thursday

June bug runs for a squirrel

Come and go as we please back door

1 We need some food now

2 order some good chow
