I woke up this morning took a hit from my crack pipe G C
I live in a dump about to be condemned man this place is smelling ripe G C
I smoked all my dope but there's no reason to gripe D C
Everyone's doing shitty down here in..... pimp daddy land D C G

Well I wear a funky hat on my head with a large feather out on the side
I wear this bright yellow suit and I drive an expensive ride
I gotta go shake down a ho she kept money from me and lied
Cause everyone's doing shitty down here in the poverty stricken..... pimp daddy land

Well..... All of my bitches better make good today
though I take most of their money they still gots to pay.....

Crack ho's and winos, crack hos and winos,
Drug deals, drug deals drug deals, drug deals
Crack ho's and winos, crack hos and winos,
Drug deals, drug deals cap a deadbeat....

Slap a ho, slap slap a ho (x3)

And then one morning I woke up to see all my bitches started talking back to me
they said "why do we work hard and you get the dough"
I said cause I be da pimp and you be the ho

they said "why do you have to be so rude"
I said, when you don't pay your share, I come a bit unglued.

What did I do to make you all so mad, they said "you take all our money and you treat us bad"
"When I raise my hand, you better run and hide,
(spoken slower music)
Cause I might have to "slap ya ho" and bruise your pride

(read fast)

I said (if it wasn't for) for your pimp daddy, the johns might beat ya
you should giving me your money and saying "Pleased doing budness with ya)
I gives you an easy way to earn some cash
I keep you safe from all the psycho trash

Now all you stupid bitches just leave me alone, and we'll all pimp together in this happy home
thanks to

Chorus (slow) slap a ho

Well, me and my "slap a ho" made a lot of money, but now were in prison doing time.
Down here in pimp daddy land
