G C D C

Chorus-----

We're all just a bunch of pub flies, G C
You can ask for us by name D G
We all got our own stories
And drinking is our favorite game

That Mary is a real fun gal
You buy her a few shots, and she's your pal
Normally she's a girl with a lot of class
but load her up with liquer and she'll grabing your ass

And lets not forget Mike, he's a hell of a guy
But don't insult his momma or he'll punch you in the eye
Mike works out a lot, his gut full of Ripples
start talking about bench press, it gives him hard nipples

Chorus

Elisabeth is a girl, who really like's the men
With those mini skirts, most consider her a ten.
She really likes it when you spank her in the butt
some call her sleeze, and some call her (slut)
(Beth cause that's her name..... Beth.....)

Jeff over there is a real big lush
He'll drink till his brain turns into mush
The guys real quite, and he is always lit
the only time he moves is when he has to take a (shit)
(Pill, guys sick, needs his medication)

Chorus

Don't don't forget Jonny at the corner of the bar,
Drinking his whiskey, it doesn't get him far
His wife just left him, and he's down on his luck
Cause he had a wife all the guys liked to (fuck)
(look at, they only looked, no procreation here)

Brad over at the end of the bar
With the women he doesn't get very far
From what I hear she stuff a sock
Cause the guy is sporting a 3 inch (cock)
(Big Toe, that why he has to stuff it in a sock)
