

# Santa's a Fat Man - Bret Unplugged 2013

## Chorus

Santa's a fat man who gives out presents  
He hangs out in the cold with a bunch of short dudes  
You better be good this time of season  
Or you'll wind up with coal in your shoes

Santa rounds up all his reindeer  
puts all the presents in the sleigh  
A twinkle in his eye, and twitch of his nose  
one snap of the reigns and he's off he goes

Jack frost is a good friend of Santa  
He sure does love his cookies and egg nog  
Jack, well he's always full of cold air  
And when he lets out a fart, it turns to fog

## Chorus

Frosty the snowman hangs with the elves  
They smoke that corn cobb pipe every day  
Frosty would sure like to join in,

Rudolph is a reindeer with a red nose  
And the other reindeer never let him play

Now he's the one that leads the sleigh
