

She Likes My Deck – Barefoot Man

She ain't impressed with my swimming pool
My new hot tub, she don't think it's cool
She says my stereo is too high tech
My flat screen well it makes her yawn
My water bed don't turn her on
But man that woman really loves my deck

=====

She aint impressed with my pickup truck
My pedigree hound that I call buck
My 16 gauge she don't give a heck
She thinks my fly rods are a bore
And my bowling ball they make her snore
But man that woman really loves my deck

Chorus

My decks bigger than your deck
My decks bigger than yours
My decks bigger, that's how I please her
My decks bigger than yours
