

SOMETHING HOLDING ON TO MY HEART – BOB KAPLA

GUITAR INTRO

C D G C D G
Where the rivers run And the winds don't change
C D G C (D)
I can lose myself and then I drift away
C D G C D G
Feel the warmth inside Through the joy and pain
C D G C
Like a fire that keeps calling out my name

CHORUS

D C G
There's something holding on to my heart
D C G
Something in your love, it tears me apart
D C G D
Something holding on to my heart (it's you.....)

C D G C D G
It's a breath so deep Filling up my soul
C D G C (D)
Like a mel-o-dy that haunts me night and day
C D G C D G
Makes the shadows fade When the night gets cold
C D G C (D)
And the silence starts to carry me away

CHORUS

C D G C D G
When the world gets dark And I'm on my own
C D G C (D)
I can close my eyes and find my saving grace
C D G C D G
Where the light pours in In a steady flow
C D G C (D)
It's a feeling that I never can replace
