Good morning to you, the sun is shining
Time to wake, no time for whining
open you're tired brown beautiful eyes
no more slumber, it's time to rise

D C G

The morning song Wake up your pretty head
The morning song Get your butt out of bed
The morning song grab a cup of bean juice
The morning song get up now, no excuse

G C G

Good morning again, I see you're sleeping
Time to get up, and stop you're weeping
Coffee's ready, it's your favorite brew
I'm about to pull the covers off you

D C G

The morning song Seriously, wake up
The morning song would you please stop hitting the snooze alarm
The morning song You're going to be late for work if you don't get up now
The morning song Come on, outta bed now

G C G

Morning time, it's ticking away
Better get up, or I'll get some water to spray
Time to get your butt in the shower
Look, it's already half past the hour

D C G

The morning song Can you hear me, hello, get up
The morning song Now you're late for work, are you happy
The morning song I'm not kidding, get - out - of - bed
The morning song GET UPPPPP NOW

FADE...

The morning song get up get up get up get up get up get up
The morning song GET UPPPPP
