

# Wap-a-Tule - Bret Unplugged

Bret Paluch © 2007

When it touches my lips, I had to take more sips      CC  
gotta taste you can't deny      FC  
And when I start to sway, I just gotta say      G  
That stuff will get you high      GC

-----Chorus-----

oh Wap-      C  
a-tule baby Wap-      FC  
a-tule baby got the chunks of fruit and alcoholic juice      CFCFC  
that wap will make you feel fine      GC

-----

Although my speech is slurred, and my vision blurred  
I can't stop drinking it  
What a nice little treat, all the fruit to eat  
it sure does get you lit

Chorus

Well it's time to go, I can't have no more  
My brain it feel like fuzz  
What a nice way, to spend the day  
With a great all day head buzz
