

# Where I was – Paul Thorn

Em C G twice  
- Sing SLOW -

Bret Finger Pick all chords

On a black and white TV back in grammar school  
I was watching Neil Armstrong walking on the moon  
That same day I pretended I was an astronaut  
on the playground monkey bars I flew above the stars

I was in a Dallas disco the night John Lennon died  
The DJ played Imagine and everybody cried  
I remember a thousand lighters held up in our hands

All we were saying was let's give peace a chance

**Chorus** G C Am D

Where was I when you stopped lovin' me

When did I become history

There's not many things that escape my memory

Tell me where was I when you stopped loving me

Every 20,000 years that comet lights up the night

On a blanket we watched it sail across the sky

A moment like that comes just once in life

It felt like our first time at 11:35

## Chorus

Bridge D G  
I remember when I met you The taste of our first kiss

Am B C D  
I remember your goodbye Could you tell me this

**Chorus** Bob no play, bret finger pick and sing

repeat C G D G  
Where was I when you stopped loving me

Outro: Em C G Twice (both guitars)
