Em D

On the first part of my business trip
I was finally away from the wife
After a long day of business deals and things
I went out on the town that night

After a few vice cops when driving by
A cute one walk up to me
She said I'll do anything for 50 bucks
I said that's an acceptable fee.

Chorus-----

Em D

I've been to a motel with a whore with no name
If felt good to be getting some again
In a motel, you never write down your name
so there ain't no one for to find out you came
la la la la lalala la la la la la

After 2 days on the business trip
After 3 days on the business trip
and every time I pee'd it hurt
After 4 days on the business trip

my crotch began to burn
the nasty itch had returned
this sure was a cause for concern
It was an important lesson I had learned

Chorus

After 5 days on my business trip
I went to a doctor for penicillin
On the ride home from the business trip
With no way for my wife to find out
Except for the doctors bill I had charged

I could no longer take it
And a bit of cream for my unit
I was feeling the guilt I admit
I was quite impressed with my wit
to my health insurance oh shit....
